BENGAL ENGINEERING COLLEGE

P.O. Botanic Garden, Howrah

The Bengal Engineering College will open next session on July 6, 1959. The College, which is completely residential, prepares students for the B.E. Degree Examination of the Calcutta University in Civil, Mechanical, Electrical, Metallurgical, Mining and Tele-Communication Engineering, and for the Degree in Architecture (B. Arch.). Admission will be granted on the results of an Admission Test consisting of a written examination for all candidates, to be held on April 27 and 28, 1959 (and also on April 29 for Architecture candidates), a *Viva Voce* and an Aptitude Test, and a medical examination, commencing on May 18, 1959. Applications must be made in the prescribed form. The prospectus and the application form may be obtained from the College Office either personally or by sending an *Unstamped Self-addressed* envelope of foolscape size. A number of scholarships and stipends will be awarded to meritorious students on the results of the Admission Test. Applications will be entertained from candidates who have either previously passed the I.Sc. Examination or have appeared in that examination this year with Physics, Chemistry and Mathematics. The selection of the latter category of candidates will, however, be subject to their passing the examination this year. Candidates must not be over 20 years of age on January 1, 1959, but the age limit may be relaxed up to 22 years with the prior approval of Government in the case of deserving applicants belonging to the educationally backward classes and communities. A total of fifteen candidates may be admitted from the States in which there are no engineering colleges. These candidates will not be nominated as in previous years, but will have to apply to the Principal and appear for examination and interview in the ordinary way. Separate centres may be opened in the States, where there are no engineering colleges provided there is sufficient number of candidates for these centres, but such candidates who are successful at the written test will be required to appear for *Viva Voce* and Aptitude Test and medical examination at the B.E. College. Application form which will be available from the College Office from March 9, 1959 onwards, must reach the College Office by April 13, 1959.

BENGAL ENGINEERING COLLEGE

P.O. Botanic Garden, Howrah

The Bengal Engineering College will open next session on July 6, 1959. The College, which is completely residential, prepares students for the B.E. Degree Examination of the Calcutta University in Civil, Mechanical, Electrical, Metallurgical, Mining and Tele-Communication Engineering, and for the Degree in Architecture (B. Arch.). Admission will be granted on the results of an Admission Test consisting of a written examination for all candidates, to be held on April 27 and 28, 1959 (and also on April 29 for Architecture candidates), a *Viva Voce* and an Aptitude Test, and a medical examination, commencing on May 18, 1959. Applications must be made in the prescribed form. The prospectus and the application form may be obtained from the College Office either personally or by sending an *Unstamped Self-addressed* envelope of foolscape size. A number of scholarships and stipends will be awarded to meritorious students on the results of the Admission Test. Applications will be entertained from candidates who have either previously passed the I.Sc. Examination or have appeared in that examination this year with Physics, Chemistry and Mathematics. The selection of the latter category of candidates will, however, be subject to their passing the examination this year. Candidates must not be over 20 years of age on January 1, 1959, but the age limit may be relaxed up to 22 years with the prior approval of Government in the case of deserving applicants belonging to the educationally backward classes and communities. A total of fifteen candidates may be admitted from the States in which there are no engineering colleges. These candidates will not be nominated as in previous years, but will have to apply to the Principal and appear for examination and interview in the ordinary way. Separate centres may be opened in the States, where there are no engineering colleges provided there is sufficient number of candidates for these centres, but such candidates who are successful at the written test will be required to appear for *Viva Voce* and Aptitude Test and medical examination at the B.E. College. Application form which will be available from the College Office from March 9, 1959 onwards, must reach the College Office by April 13, 1959.

A. C. ROY,
Principal, Bengal Engineering College.

BENGAL ENGINEERING COLLEGE

P.O. Botanic Garden, Howrah

The Bengal Engineering College will open next session on July 6, 1959. The College, which is completely residential, prepares students for the B.E. Degree Examination of the Calcutta University in Civil, Mechanical, Electrical, Metallurgical, Mining and Tele-Communication Engineering, and for the Degree in Architecture (B. Arch.). Admission will be granted on the results of an Admission Test consisting of a written examination for all candidates, to be held on April 27 and 28, 1959 (and also on April 29 for Architecture candidates), a *Viva Voce* and an Aptitude Test, and a medical examination, commencing on May 18, 1959. Applications must be made in the prescribed form. The prospectus and the application form may be obtained from the College Office either personally or by sending an *Unstamped Self-addressed* envelope of foolscape size. A number of scholarships and stipends will be awarded to meritorious students on the results of the Admission Test. Applications will be entertained from candidates who have either previously passed the I.Sc. Examination or have appeared in that examination this year with Physics, Chemistry and Mathematics. The selection of the latter category of candidates will, however, be subject to their passing the examination this year. Candidates must not be over 20 years of age on January 1, 1959, but the age limit may be relaxed up to 22 years with the prior approval of Government in the case of deserving applicants belonging to the educationally backward classes and communities. A total of fifteen candidates may be admitted from the States in which there are no engineering colleges. These candidates will not be nominated as in previous years, but will have to apply to the Principal and appear for examination and interview in the ordinary way. Separate centres may be opened in the States, where there are no engineering colleges provided there is sufficient number of candidates for these centres, but such candidates who are successful at the written test will be required to appear for *Viva Voce* and Aptitude Test and medical examination at the B.E. College. Application form which will be available from the College Office from March 9, 1959 onwards, must reach the College Office by April 13, 1959.

BENGAL ENGINEERING COLLEGE

P.O. Botanic Garden, Howrah

The Bengal Engineering College will open next session on July 6, 1959. The College, which is completely residential, prepares students for the B.E. Degree Examination of the Calcutta University in Civil, Mechanical, Electrical, Metallurgical, Mining and Tele-Communication Engineering, and for the Degree in Architecture (B. Arch.). Admission will be granted on the results of an Admission Test consisting of a written examination for all candidates, to be held on April 27 and 28, 1959 (and also on April 29 for Architecture candidates), a *Viva Voce* and an Aptitude Test, and a medical examination, commencing on May 18, 1959. Applications must be made in the prescribed form. The prospectus and the application form may be obtained from the College Office either personally or by sending an *Unstamped Self-addressed* envelope of foolscape size. A number of scholarships and stipends will be awarded to meritorious students on the results of the Admission Test. Applications will be entertained from candidates who have either previously passed the I.Sc. Examination or have appeared in that examination this year with Physics, Chemistry and Mathematics. The selection of the latter category of candidates will, however, be subject to their passing the examination this year. Candidates must not be over 20 years of age on January 1, 1959, but the age limit may be relaxed up to 22 years with the prior approval of Government in the case of deserving applicants belonging to the educationally backward classes and communities. A total of fifteen candidates may be admitted from the States in which there are no engineering colleges. These candidates will not be nominated as in previous years, but will have to apply to the Principal and appear for examination and interview in the ordinary way. Separate centres may be opened in the States, where there are no engineering colleges provided there is sufficient number of candidates for these centres, but such candidates who are successful at the written test will be required to appear for *Viva Voce* and Aptitude Test and medical examination at the B.E. College. Application form which will be available from the College Office from March 9, 1959 onwards, must reach the College Office by April 13, 1959.

BENGAL ENGINEERING COLLEGE

P.O. Botanic Garden, Howrah

The Bengal Engineering College will open next session on July 6, 1959. The College, which is completely residential, prepares students for the B.E. Degree Examination of the Calcutta University in Civil, Mechanical, Electrical, Metallurgical, Mining and Tele-Communication Engineering, and for the Degree in Architecture (B. Arch.). Admission will be granted on the results of an Admission Test consisting of a written examination for all candidates, to be held on April 27 and 28, 1959 (and also on April 29 for Architecture candidates), a *Viva Voce* and an Aptitude Test, and a medical examination, commencing on May 18, 1959. Applications must be made in the prescribed form. The prospectus and the application form may be obtained from the College Office either personally or by sending an *Unstamped Self-addressed* envelope of foolscape size. A number of scholarships and stipends will be awarded to meritorious students on the results of the Admission Test. Applications will be entertained from candidates who have either previously passed the I.Sc. Examination or have appeared in that examination this year with Physics, Chemistry and Mathematics. The selection of the latter category of candidates will, however, be subject to their passing the examination this year. Candidates must not be over 20 years of age on January 1, 1959, but the age limit may be relaxed up to 22 years with the prior approval of Government in the case of deserving applicants belonging to the educationally backward classes and communities. A total of fifteen candidates may be admitted from the States in which there are no engineering colleges. These candidates will not be nominated as in previous years, but will have to apply to the Principal and appear for examination and interview in the ordinary way. Separate centres may be opened in the States, where there are no engineering colleges provided there is sufficient number of candidates for these centres, but such candidates who are successful at the written test will be required to appear for *Viva Voce* and Aptitude Test and medical examination at the B.E. College. Application form which will be available from the College Office from March 9, 1959 onwards, must reach the College Office by April 13, 1959.

(4) **Address.**—Candidates should give their present address and should communicate at once any subsequent change of address.

(5) **Canvassing.**—Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

(6) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or statutory body should submit an advance copy in the prescribed form. The application fees should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

The 15th January 1959.

SUMMARY OF THE MINUTES OF THE PROCEEDINGS OF THE COMMISSIONERS' 16TH MEETING, HELD ON THE 24TH NOVEMBER 1958.

At the 16th Meeting of the Commissioners held on the 4th November 1958, the following business was transacted:—

1. **Administration Report and Annual Accounts for 1957-58.**—(a) **Financial Results.**—The total income for the year under review amounted to Rs. 12,75,80,916 and the total expenditure to Rs. 11,19,52,424. The year thus ended with a surplus of Rs. 1,56,28,492.

(b) **Traffic.**—The tonnage of cargo which passed through the Port during the year was 5,515,768 under imports and 4,640,579 under exports as against the corresponding import and export figures of 4,352,958 and 4,516,252, respectively, during the previous year.

(c) **Shipping.**—(i) The number of vessels which entered the Port during the year was 1,593 with an aggregate gross tonnage of 10,103,581 against 1,383 with an aggregate gross tonnage of 8,562,958 during the previous year. The deepest draft ship to enter the Port during the year drew 28' 10" for'd and 24' 2" aft.

(ii) In the Port Approaches, the Rangafalla channel controlled the draft of ships for 336 days as against 23 days during the previous year. The Eastern Gut controlled the draft of ships for 26 days as against 85 days during the previous year, Ninan for 2 days and Royapur for 1 day as against 113 days and 31 days, respectively, during the previous year. The controlling bars were thus below Diamond Harbour for 336 days as against 23 days during the previous year and this was due to rapid deterioration during the year of the Balari/Rangafalla channels.

(d) **Hooghly Pilotage.**—The income from Pilotage during the year amounted to Rs. 37,22,734 and the expenditure to Rs. 37,87,401 showing a deficit of Rs. 64,667 in the "pro forma" account maintained separately under this head.

(e) **Port Development Scheme under the Second Five-Year Plan.**—(i) Owing to the marked changes in the pattern of traffic passing through the Port and the congestion that prevailed in the first half of the financial year, the provision made for the purchase of mechanical appliances in the original version of the Second Five-Year Plan had to be considerably increased to provide for additional equipment like mobile cranes, fork lifts, jitney motors, scammel horses, etc. With the visit of the International Bank for Reconstruction and Development Mission to this Port in October of the year, the prospects of obtaining aid for financing the foreign exchange component of the plan projects brightened and the financial difficulties which hitherto slowed down their execution were resolved. Accordingly the original version of the Second Five-Year Plan was revised to provide for certain additional projects. The scope and layout of some of the projects were also considerably enlarged to provide for additional facilities. As the result of these changes the total outlay on the Second Five-Year Plan projects rose to Rs. 31.13 crores.

(ii) A delegation from the Ministry of Transport comprising the Transport Secretary, the Chairman and others left for Washington during the year to finalise the loan from the International Bank for Reconstruction and Development, Washington.

(iii) The expenditure incurred during the year on projects covered by the Second Five-Year Plan amounted to Rs. 2.23 crores.

2. **Setting up of a Body of Consultants to examine and report on the provision made by the Commissioners for depreciation of their Capital assets.**—The Commissioners approved the Chairman's proposal in the matter.

3. **Application for a loan of Rs. 2.25 crores from Government for financing Second Five-Year Plan projects during 1958-59.**—The Commissioners decided to apply to Government for the grant of a loan of Rs. 2.25 crores for financing certain projects covered by the Port Development Scheme.

4. **Amendment of the Provident Fund Rules.**—The Commissioners sanctioned, subject to the sanction of Government, certain amendments to the Provident Fund Rules.

5. **Accident to the M.V. "Saigon Maru".**—The Deputy Conservator's recommendation was approved.

6. **Block proposals.**—The Commissioners also sanctioned routine establishment proposals and routine proposals relating to execution of works, purchase of material, remission of charges, grant of leases, etc.

P. C. MITTER, Secretary.

Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal orders, however, may be accepted from candidates. They should be crossed and made payable to "The Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers. In no case will the fee paid with the application be refunded.

The Commission may remit fee in case of genuinely indigent and bona fide displaced persons from Pakistan.

Note.—"(i) A displaced person claiming ago concession must furnish with his application satisfactory evidence that he is a bona fide displaced person from Pakistan, e.g., refugee registration card or a certificate from a gazetted officer or a Member of Parliament or State Legislature, in original.

(ii) A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a gazetted officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

(iii) A displaced person seeking remission of the application fee must furnish besides the evidence required under Note (i) above a certificate (in original) from a District Officer or a gazetted officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee."

(4) **Address.**—Candidates should give their present address and should communicate at once any subsequent change of address.

(5) **Canvassing.**—Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

(6) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or statutory body should submit an advance copy in the prescribed form. The application fees should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

PART VI—Bills introduced in Parliament of India: Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

RAJYA SABHA

The following Bill was introduced in the Rajya Sabha on the 29th August, 1958:—

BILL NO. III OF 1958

A Bill to amend the Companies Act, 1956.

BE it enacted by Parliament in the Ninth Year of the Republic of India as follows:—

Short title.

1. This Act may be called the Companies (Amendment) Act, 1958.

Amendment of section 293.

I of 1956.

2. In section 293 of the Companies Act, 1956, in sub-section (1), after clause (e), the following proviso shall be inserted, namely:—

"Provided that no contribution shall be made to the fund of any political party or to the election fund of any candidate for the purpose of election to Parliament, or a State Legislature, or a Territorial Council."

STATEMENT OF OBJECTS AND REASONS

A number of big business houses have been liberally contributing to the funds of political parties. In their recent judgments, the Bombay and Calcutta High Courts have drawn particular attention to the undesirability of such practice. It is, therefore, considered necessary that clause (*e*) of sub-section (1) of section 293 of the Companies Act, 1956, which enables companies to contribute to charitable and other funds should be suitably amended to prevent such contributions being made to political parties. The Bill seeks to achieve this object.

LOK SABHA

The following Bill was introduced in Lok Sabha on the 22nd August, 1958:—

BILL No. 64 OF 1958

A Bill further to amend the Industrial Disputes Act, 1947.

BE it enacted by Parliament in the Ninth Year of the Republic of India as follows:—

Short title and commencement.

1. (1) This Act may be called the Industrial Disputes (Amendment) Act, 19 .

(2) It shall come into force at once.

Amendment of section 33.

2. In clause (b) of sub-section (1) of section 33 of the Industrial Disputes Act, 1947 (hereinafter referred to as the principal Act), after the words "whether by dismissal" the words "or suspension without pay extending for more than a month" shall be inserted. 14 of 1947.

Amendment of the second schedule.

3. In the second schedule to the principal Act, after item number 5, the following item shall be inserted and numbered as item 6 of that schedule and item number 6 of that schedule shall be renumbered as item number 7,—

"6. If any dispute arises regarding the representative character and recognition of any Union."

STATEMENT OF OBJECTS AND REASONS

Various Industrial Tribunals following the decision of the Supreme Court in the case of Lakshmi Devi Sugar Mills *versus* Ram Sarup and others, reported in the A.I.R. 1957, February, page 82, have held that suspension without pay during the pendency of any proceeding before an

industrial tribunal is not a substantive punishment and as such it does not attract section 33 of the Industrial Disputes Act, 1947. Taking advantage of this legal lacuna the employers are keeping employees under suspension without pay, if they desire, for months together till the proceedings before the National Tribunal are over in order to avoid the obligation of taking permission from the Tribunal.

2. Secondly, the Tribunals following the decision of the Supreme Court in the case referred to above have expressed their helplessness in many awards regarding dispute over recognition of any Union, though of representative character, in the absence of any provision empowering them to deal with this dispute.

Hence this Bill.

PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

LOK SABHA

The following Bill was introduced in Lok Sabha on the 22nd August, 1958:—

BILL No. 69 OF 1958

A Bill further to amend the Workmen's Compensation Act, 1923.

BE it enacted by Parliament in the Ninth Year of the Republic of India as follows:—

Short title and commencement.

1. (1) This Act may be called the Workmen's Compensation (Amendment) Act, 19 .

(2) It shall come into force at once.

Amendment of the Schedule I

2. In the Workmen's Compensation Act, 1923, for the Schedule I, the following Schedule shall be substituted, namely:—

"SCHEDULE I

[See Sections 2(1) and 4.]

List of injuries deemed to result in permanent/partial disablement

Injury	*Percentage of loss of earning capacity*
Loss of right arm above or below the elbow	90
Loss of left arm above or below the elbow	80
Loss of leg above or below the knee	80
Permanent total loss of hearing	70
Loss of one eye	50
Loss of thumb or any phalanx of thumb	45
Loss of all toes of one foot	40
Loss of index finger	30
Loss of great toe	30
Loss of any finger or any phalanx of any finger other than index finger	25."

STATEMENT OF OBJECTS AND REASONS

The rate of compensation as given in the Schedule I of the Workmen's Compensation Act, 1923, computed in 1923 was based on the then financial circumstances of the country. About 35 years have passed since then and the financial circumstances including cost of living index have changed, but this chart has not been revised. Moreover some items of compensation also require deletion. There is no justification in the retention of the differences in the rates of compensation for the loss of hand just above the elbow and for the loss of a hand just below the elbow.

Hence this Bill.

20. In Schedule IV to the principal Act, the words "of Adult" wherever they occur, shall be omitted. Amendment of Schedule IV.

STATEMENT OF OBJECTS AND REASONS

The Workmen's Compensation Act, 1923, which came into force on the 1st July, 1924, has been amended several times, the major amendments being as follows:—

Act V of 1929 *inter alia* enlarged the categories of workmen, removed the restrictions on compensation in the building trades and altered the provisions relating to the distribution of compensation. In 1933, the Act was revised extensively on the lines recommended by the Royal Commission on Labour in India in 1931; the main amendments carried out were, a considerable enlargement in the number of workmen covered by the Act, increase in the scales of compensation and reduction of the "waiting period". By the amending Act I of 1946, the wage limit of workers covered by the Act was increased from Rs. 300 to Rs. 400.

2. The working of the Act has shown that it requires to be further amended in certain respects. Some of the important amendments the Bill seeks to make relate to:—

(a) removing the distinction between an adult and a minor for the purposes of workmen's compensation;

(b) reducing the waiting period of seven days to five days for being entitled to compensation and, in cases where the period of disablement is twenty-eight days or more, providing for payment of compensation from the date of disablement;

(c) providing for penalty for failure to pay compensation, when due;

(d) enlarging the scope of Schedules I, II and III.

3. The reasons for the amendments are, wherever necessary, given in the notes on clauses attached to this Bill.

G. L. NANDA.

NEW DELHI;
The 16th September, 1958.

Notes on clauses

Clause 2.—This clause removes the distinction between an adult and a minor for the purpose of workmen's compensation. At present the Act prescribes different rates of compensation for adults and minors for death and permanent disablement on the ground that a minor will have, as a general rule, no dependants. There is not much justification for this distinction and it is reasonable that there should be uniform rates of compensation for workmen in similar wage-groups.

Though for purposes of payment of compensation the distinction between an adult and a minor is being removed, for other purposes a 'minor' will have the normal meaning, namely, a person who has not attained the age of 18 years.

Reference to a foreign Act in clause (1) has been omitted, being unnecessary.

Clause 3.—This clause reduces the waiting period of 7days to 5 days as prescribed in the I.L.O. Convention on Workmen's Compensation (Accidents), 1925. It also empowers the Commissioner to apportion the liability for compensation between different employers in certain cases where the workman has been employed in the same employment for a specified continuous period under more than one employer.

Clause 4.—The amendments are mostly consequential. In clause 3(1) it has been proposed to reduce the waiting period to 5 days. No compensation will therefore be payable in respect of this period. In order, however, to reduce the hardship of a workman in case he suffers an injury which incapacitates him for four weeks or more, a provision is being made for payment of compensation for the waiting period also.

A provision is also being made that where an employer spends any sum of money on the medical treatment of an injured workman, he should not be permitted to deduct the amount from the compensation payable. The compensation is for loss of future earnings and not for getting medical treatment.

Clause 5.—This provision is being made in order to ensure that the workman is able to get whatever amount the employer is prepared to pay immediately pending a decision on the amount of compensation actually due.

This clause also provides for payment of interest if the compensation is not paid within one month from the due date and for a penalty if the Commissioner does not consider the delay to be justified.

Clause 6.—This amendment is intended to facilitate calculation of monthly wages where there are difficulties in calculating it under clause (b) of section 5.

Clause 7.—At the existing level of prices, the limit of Rs. 25 for grant of advances for funeral expenses is very low and it is accordingly being increased to Rs. 50.

Clause 8.—The limitation period of one year for preferring a claim before the Commissioner is not sufficient as the worker often fails to file a claim in time due to his remaining in hospital for treatment and then petitioning the employer for settlement of his dues with the result that by the time he thinks of legal remedies the time-limit of one year is over. It is proposed accordingly to increase the period of limitation to two years.

Clause 9.—It is proposed that accidents resulting in serious bodily injury should also be reported to the authority concerned. At present only fatal accidents are being reported under section 10B.

Clause 10.—This clause seeks to protect the interests of a workman who is entitled to compensation in the event of the employer transferring his assets before discharging his liability under the Act.

Clause 11.—This clause, like clause 8, increases the limitation period and empowers the Commissioner to extend the period of limitation in suitable cases if he is satisfied that the failure to prefer the claim was due to sufficient cause.

Clause 12.—This is consequential to the amendment proposed to section 2(1) (a).

Clause 13.—The amount of fine is too low and it is proposed to increase it to Rs. 500. This is also the limit of fine under the Employees' State Insurance Act, 1948.

Clause 14.—It is intended that an Inspector appointed under the Factories Act, 1948, or Mines Act, 1952 or any other officer specified by the State Government should be enabled to prefer claims on behalf of the workmen or the dependants concerned if authorised in writing. This will be of help to the workmen or the dependants who are ignorant of the protection afforded under the Act or are otherwise unable to set the law in motion.

Clause 15.—As a provision has been made in clause 5(3) for payment of interest or penalty for failure to pay the compensation when due, it is proposed to provide for an appeal under section 30 against such order.

Clause 16.—Display of abstracts from the Act will be of help to the workers in informing them of the protection afforded to them under the Act. This clause also enables the State Government to make rules for prescribing the manner in which diseases may be diagnosed and certified and incapacity assessed.

Clause 17.—Schedule I as a whole is outmoded and not in conformity with present day standards of assessing disabilities. The Schedule in the National Insurance (Industrial Injuries) Benefit Regulations, 1948, of the U.K. is more modern and it is proposed to adopt it.

Clause 18.—(i) *Clause* (*i*).—A person employed on loading or unloading a vehicle may be said to be employed in connection with its operation. This is, however, proposed to be made clear beyond doubt.

Clause (*ii*).—It is proposed to cover all workmen working in power using factories irrespective of the number of workmen employed.

Clause (*iii*).—This clause relates to factories not using power. Under the Factories Act. 1948, factories employing 20 or more persons are covered. Workmen in all such factories are proposed to be covered.

Clause (*iv*).—As there is a considerable risk in the manufacturing or handling of explosives, all workmen engaged in any such work are proposed to be covered irrespective of the number of persons employed.

Clause (*v*).—Amendments consequential to the Mines Act, 1952, having replaced the Indian Mines Act, 1923, are being made. It is also intended that all workers in mines should be entitled to the benefits of the Workmen's Compensation Act, 1923.

Clause (*vi*).—At present the master and seamen of ships of less than 50 tons are excluded unless power is used. The I.L.O. Convention on "shipowners' liability in respect of Sickness Injury or Death of Seamen" permits exclusion of boats of less than 25 gross tonnage. The tonnage limit in sub-clause (b) is accordingly proposed to be reduced to 25 tons.

In accordance with the recommendation made by the Estimates Committee in its 62nd Report on "Shipping", the Act is being made applicable to all sea-going sailing vessels.

Clause (*vii*).—Certain classes of workers in Ports engaged in hazardous occupations are not covered by the Act. It is proposed to bring such classes of workers also within the purview of the Act.

Clause (*viii*).—Workers employed in maintenance of buildings also run a risk like workers engaged in repairing and it is accordingly proposed to cover them.

The present height limit of twenty feet is high, and a demand for the removal of height limits has been made. But since the hazard is in the height at which a worker is required to work, some height limit is necessary. It is accordingly proposed to reduce the height limit to twelve feet.

Work in a canal is also hazardous and it is proposed to make it clear that workers engaged in the construction, etc., of a canal are also covered.

(*clause* (*ix*).—The clause as revised is intended to cover persons employed in the routine work of repairing and replacing electric cables and other fittings.

(ii) Telegraphists and postal and railway signallers are proposed to be included as their work is also hazardous.

(iii) The limit of 50 persons is too high and it is proposed to reduce it to 25. Further in accordance with the reduction in the height limit in clause (*viii*) from twenty feet to twelve feet, the depth limit in this clause is proposed to be similarly reduced.

(iv) The limit of one hundred persons with respect to employment in a market is too high and it is proposed to reduce it to fifty persons.

(v) In all the employments mentioned in this sub-clause there is considerable employment risk and it is accordingly proposed to cover workmen working in such employments.

(*Clause* 19.—The Schedule requires a few modifications to bring it in line with the provisions of Convention (42) concerning Workmen's Compensation (Occupational Diseases). It also does not include some of the prevailing occupational diseases. It is proposed to remove these deficiencies.

FINANCIAL MEMORANDUM

The Workmen's Compensation Act, 1923, covers a large number of persons in Central Government undertakings such as the railways, posts and telegraphs, construction works, etc. Some of the amendments proposed in the Bill will have the effect of increasing the liability of the employers (including the Central Government) for payment of compensation. Clause 5 of the Bill seeks to provide a penalty for failure to pay compensation when due with the result that the employer will have to pay increased amounts in cases where payment of compensation has been delayed for more than a month. Clause 17 contemplates replacement of Schedule I by a more comprehensive Schedule which will increase the percentage of disablement and will correspondingly increase the rates of compensation for the various types of injuries. The amendments proposed to Schedule II to the Act will make the Act applicable to an increased number of persons in factories, mines, ports, construction works and also to persons employed in manufacture, etc., of aircraft, in farming by tractors, in construction, working, repair or maintenance of tube-wells, etc. Schedule III to the Act, which contains a list of occupational diseases, is proposed to be amended and enlarged with the result that compensation will be payable in respect of the new diseases being included in that Schedule. The above proposals will thus involve increased expenditure from the Consolidated Fund of India in so far as they concern the Central Government undertakings. As compensation becomes payable only in the event of an employment injury resulting in disablement or death, it is not possible to estimate the amount of increased expenditure.

MEMORANDUM REGARDING DELEGATED LEGISLATION

The Workmen's Compensation Act is administered by the State Governments. Clause 16 of the Bill amplifies the rule-making power conferred on the State Governments by section 32 of the principal Act. The matters specified in clause 16 are of a routine and general character; they provide for requiring the employers to display notices containing abstracts from the Act and for the diagnosis and certification of diseases and for the method by which incapacity for the purposes of this Act may be assessed.

BILL No. 124 OF 1958

A Bill further to amend the Commissions of Inquiry Act, 1952.

BE it enacted by Parliament in the Ninth Year of the Republic of India as follows:—

Short title and commencement.

1. (a) This Act may be called the Commissions of Inquiry (Amendment) Act, 1958.

(b) It shall come into force at once.

Amendment of section 8.

10 of 1952.

2. (1) In section 8 of the Commissions of Inquiry Act, 1952, the words "and deciding whether to sit in public or in private" shall be omitted.

"(2) The Commission shall sit in public.

(3) Any person may apply to the Commission for appearing before it, giving evidence and presenting any document."

STATEMENT OF OBJECTS AND REASONS

Under the present Act it is not binding upon the Commission to sit in public. Moreover there is no provision allowing any person to appear before the Commission. It is just possible that all the facts may not be brought to the notice of the Commission, as it is impossible for the Commission to know all the persons who can help the Commission in investigation.

The purpose of the present Bill is to incorporate such provisions in the Act, so that the enquiry may be held in public and any person may apply to the Commission for appearing before it and presenting any documents.

STATEMENT OF OBJECTS AND REASONS

As a result of the experience gained in the working of the Cinematograph Act, 1952, for the last six years, it is considered necessary to make certain changes in its provisions for clarification, without making any substantial change in the working of the present Act.

Section 3 of the Cinematograph Act, 1952, empowers the Central Government to constitute a Board of Film Censors consisting of such number of persons as may be prescribed for the purpose of examining and certifying films as suitable for public exhibition. The films are examined by the regional officers with the aid of the advisory panels consisting of non-officials. The composition of the Board, the constitution of the advisory panels and the procedure for examination of films by the regional officers with the aid of the advisory panels are at present laid down in the Rules. The Bill makes express provisions in this behalf in the principal Act. It also incorporates the principles for guidance in certifying films, based on the provisions of article 19(2) of the Constitution. In addition, the Bill makes provision for certain matters of a procedural and routine character.

NEW DELHI; B. V. KESKAR.

The 8th December, 1958.

FINANCIAL MEMORANDUM

The Bill seeks to include express provisions in the principal Act, respecting the composition of the Board of Film Censors and the constitution of advisory panels to enable the Board to perform its functions of sanctioning films for public exhibition. As at present the Chairman will continue to be a wholetime official and the members will be non-officials, working part-time in an honorary capacity. They will be paid travelling

allowance only for attending meetings in connection with the work of Board. The advisory panels have been constituted at present at Bombay, Calcutta and Madras under the Rules framed under the Act. Their membership is also honorary, but conveyance allowance at the rate of Rs. 10 per diem is paid to them for attending film shows or meetings convened by regional officers in connection with the examination of films. The annual expenditure on the salary of the Chairman, the travelling allowance of the members of the Board and conveyance allowance of the members of the advisory panels is estimated at Rs. 90,000. The expenditure on these items is already being incurred through appropriations made by Parliament, and no additional expenditure is anticipated

---

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 4 of the Bill provides for the determination by the Central Government of the salary and allowances payable to the Chairman and the fees or allowances to the other members of the Board of Film Censors and to the members of the advisory panels. It also provides for determination of other terms and conditions of service of the members of the Board and the advisory panels. It empowers the Central Government to prescribe the manner in which applications shall be made to the Board for certification of films. The rule making power already conferred by section 8 of the Act is sufficiently comprehensive to enable all such matters being regulated by Rules. All that the amending Bill seeks to do is to refer to these topics in the body of the Act in appropriate places. The rule making power is of a normal character.
